

REPORT to the COMMUNITY

Dear Neighbor,

Twenty-five years ago, Dr. Daniel Nesi was faced with a situation, when a young mother brought in her sick child and had no means to afford the recommended medical treatment. Dr. Nesi was so moved by the situation that he sought out the support of his fellow physicians and Doylestown Hospital's CEO, Richard Reif to start a free clinic for our community. He stated,

"I felt there should be a mechanism for people who have fallen through the cracks of our health system to obtain medical care in an unencumbered manner. From this time forth, I resolved myself to start a free medical clinic for the uninsured who did not have ready access to medical care because of economics."

Today, the Ann Silverman Community Health Clinic continues to provide free healthcare -- medical, dental, behavioral health care and medication -- to Bucks County residents in need. Its services are in demand more than ever, as demonstrated by a 6% increase in visits over the previous year serving over 1,500 residents of our community.

Sadly, we lost Dr. Nesi in September 2018, but his spirit lives through the work of the clinic and our model of free healthcare for the uninsured provided by staff and over 280 clinic volunteers. We are extremely grateful for the generosity of our community. Thank you for helping us to help others!

Gratefully,
Sally Fabian-Oresic, RN, MSN, Executive Director
